CAREER OBJECTIVE

Seeking a software engineering role where I can apply my problem-solving and technical skills to develop impactful, real-world solutions while contributing to innovative projects

EDUCATION

Qualification	Name of the Institution	Board/University	Year	CGPA / %
Bachelor of Engineering*	SJB Institute of Technology, Bangalore	Visvesvaraya Technological University	Dec 2022 - Present	8.54
Pre - University Course (PUC) - PCMB	Universal PU College, Ramanagara	Department Of Pre-University Education	Nov 2020 - Apr 2022	91.00%
Class X	Holy Crescent English School, Ramanagara	Secondary School Leaving Certificate (SSLC)	Jun 2007 - Jul 2020	88.9%

TECHNICAL SKILLS

- Programming Languages :Python, Java(basic)
- Web Development : HTML, CSS
- Database Management : SQL

PROJECTS

CAPTCHA Recognition using CNN

- Developed a CAPTCHA solver using **Convolutional Neural Network (CNN)** with **TensorFlow** and **OpenCV**.
- Applied **image preprocessing techniques** (e.g., noise reduction and segmentation) to enhance input quality.
- Achieved **98.97% accuracy** through extensive experimentation with **model depth, dropout, and data augmentation**

Voice Biometric Authentication System

- We created a real-time voice authentication system using **MFCC feature extraction, PyAudio, and scikit-learn**.
- We implemented **noise reduction techniques** and generated **unique voiceprints** for each speaker.
- We utilized **cosine similarity scoring** along with **threshold-based decision logic** to balance false accept and reject rates in dynamic environments.

Capsicum Disease Detection System [Ongoing]

- We are creating a **MobileNetV2-based model** to detect diseases in bell pepper leaves with data augmentation techniques.
- Integrated it into a **Streamlit web app** for real-time predictions and intuitive user interaction.

CO-CURRICULAR ACTIVITIES

- Served as Treasurer of the IEEE Student Branch, managing budgets, handling event finances, and ensuring transparent financial reporting.
- Participated in Yukthi 2k24 done by VTU Code Hunt competition earning a certificate from the VTU at Belagavi, demonstrating the coding rounds with more enthusiasm

CERTIFICATES AND WORKSHOPS

Python Programming

- Ethnotech Academy, Nov 2023
